General Public Comments: N/A

Budget Report: Samantha presented committee members with a budget report indicating \$54,737.02 was the remaining budget. Libbie pointed out there is a lot of money allocated that has yet to be spent, such as vouchers. Samantha then gave a breakdown of what the budget detail explains.

Old Business: Minutes from March 13th were presented and approved as written.

New Business: Larry Monger Stackyard Fence: Larry presented his project to the committee. Initially there was some confusion surrounding what HPP was being asked to pay for. Libbie asked after the hay corral linear footage, which was determined to be 900 ft. She also verified what game damage would typically pay for a 990' stackyard and stated that Larry's request seemed to be in line. Kris called DWM Jack Taylor to ask for clarification on what game damage was contributing. Jack spoke with Chris Kloster and game damage would be paying \$1,184.00; \$732 is the cost of woven wire for a 990' standard stackyard and \$452 is the cost of four gates normally included with a stackyard. The committee approved to pay up to \$3,087.01 for wire panels from game damage and up to \$2,000.00 to reimburse Larry for a skid steer rental.

Remaining Committee Business/Other Discussion: Monday May 15th will be the next meeting.

Roundtable: Larry asked about the fee bill. Libbie mentioned that Jeff Yust is trying to be more actively involved with HPP. Nita asked about winter counts. Kris and Samantha briefly mentioned the HPP expansion.

Adjournment: The meeting was adjourned at 7:09PM.
