

HABITAT PARTNERSHIP PROGRAM MEETING MINUTES

Uncompahgre HPP Committee

July 31st, 2017

9:00 am

Uncompahgre HPP Members Present: Mike Surber, USFS; Kelly Crane, CPW; Todd Stewart, Ag Producer; Dave Andrews, Ag Producer; Bobby Gray, Sportsman; Angela Losasso, BLM

Guests: Roxie Stewart; Mark Richman, CPW; Renzo DelPiccolo, CPW; Jim Guire; Roseanne Guire; Mary Powers, BLM; Brad Banulis, CPW

The committee toured Jim Guire's property at The Meadows Ranch. The Guires completed several projects with HPP in recent years, including water developments, a fence project, and fertilizer. The committee noted that the fields were in excellent condition and provided outstanding habitat for deer and elk, and the water developments had obvious signs of heavy use by big game. High visibility wire was used for the length of the fence, and despite holding large numbers of deer and elk, the Guires have not noted any damage or areas where animals have been caught on the fence.

Next meeting: October 4
