Conference Call

Members Present: Mick Davis, Rick Davie, Dale Gomez, Eduardo Duran, Mark Bechaver, Carol-Lee Dugan

Administrative Assistant: Hanna Cook

Guests:

Budget Report

The budget report was reviewed

New Business

4 UR Ranch Fencing Project

The landowner would like to replace 2.2 miles of old fence that is regularly damaged by big game. The fence will be replaced with wildlife friendly fencing to reduce fence damage and injury to wildlife. The landowner will contribute additional funds for gates, equipment, and other materials, and will complete labor to remove the old fence and build the new fence. The landowner is asking HPP for funding for fencing materials.

The project was approved for \$4,595 for fiscal year 2019.

Nicomodes Water Project Update

This project was approved at the last SLV HPP meeting, but the BLM has not been able to get NEPA approval completed yet. The project will likely not get completed in this fiscal year, so it needs to be moved to the next fiscal year budget.

The committee approved moving the project to the FY 2019 budget.

Next Meeting: TBD
